FMC INTERCONNECT BOARD
CYUSB3ACC-002

1. Connect the EZ-USB® FX3™ Development Kit (CYUBS3KIT-001) to the Xilinx®
   FPGA board using the FMC interconnect board (CYUSB3ACC-002), as
   shown below

Xilinx FPGA board

CYUSB3ACC-002

CYUSB3KIT-001

2. Learn to use FX3 in applications involving Xilinx FPGA with the application
   note **AN65974 - *Designing with the EZ-USB FX3 Slave FIFO Interface***
   available at http://www.cypress.com/go/AN65974

For the latest information about this interconnect board and to download the
hardware files, visit www.cypress.com/go/CYUSB3ACC-002

For the latest information about EZ-USB FX3 Development Kit (CYUSB3KIT-001) and to
download the kit software and hardware files, visit www.cypress.com/go/CYUSB3KIT-001
