3.5mm (1/8") Stereo DIY "Free-Hanging" In-Line Jack

PRODUCT ID: 1801

• Description

Repair or design your very own audio cables with these nice and durable phono-jack connectors. This is a great jack to make your own cable with. it's made out of durable metal with a flexible, sturdy spring for strain-relief. Just solder the connector to some wires and you have a DIY audio cable that can rival the best!

This item is a **3.5mm Stereo Jack**. It is free-hanging, not panel mount! It's a pretty common size and is super useful to connect most headphone cables or basic audio cables to. It pairs well with the 3.5mm Stereo Plug if you want to make two matching cables that plug into each other.
